

BoH - Block of Hours

With a Block Of Hours package from Soutec, you can pre-purchase service hours which can be used for any of the services we offer including project management and consultancy for upcoming projects. Soutec's 24x7 service gives small businesses access to our Network Operation Center through a simple phone call or email.

At Soutec we understand how important it is for you to track the hours of your service requests. Because of this, time is accurately monitored for each use of the **Block Of Hours** purchased, providing you with a statement for each support-activity performed, the number of hours consumed, and the number of hours remaining under the current contract.
